# Past Event Report

## About Past Event:

Scientex Conference successfully hosted its first webinar series on the “**International Webinar on Cardiology and Cardiovascular Research**” on May 25–26, 2022, as per the time zone GMT+4 (Dubai time). The webinar was organized with a theme focused on “Advanced Remedial Regimen and Mechanisation in Cardiology to Improve Health Span,” and it was a great success. Eminent keynote speakers from various universities addressed the gathering.

The generous response and active participation of the organising committee members played a major role in the success of Cardiology and Cardiovascular Research 2023. On the other hand, we take the opportunity to thank all the speakers, delegates, and participants for providing their valuable support and time for the conference.

The Cardiology 2023 Organising Committee would like to thank all the participants for making the sessions such a worthwhile experience. Also, we would like to thank the moderator of the conference, Afees A Oladejo, from Nnamdi Azikiwe University, Nigeria, who contributed a lot to the smooth functioning of this event.

With the grand success of Cardiology and Cardiovascular Research 2023, we are glad to announce our next upcoming conference, “**2nd International Webinar on Cardiology and Cardiovascular Research**,” which has been scheduled for **May 16–17, 2024**.
